

The XXVth CSRS-Europe 'Hands on' Cadaveric Instructional Course

Once again we wish to express our appreciation to, Prof. M.I. Miguel and the entire staff at the University of Barcelona for their excellent collaboration and dedication to ensuring the success of the CSRS-Europe Hands On Cadaver Courses.

The CSRS-Europe also recognises the important and enthusiastic effort of the sponsoring companies from the industry. Their collaboration also contributes much to the support and success of our educational courses.

The CSRS-Europe regards this type of educational course as a 'gateway' to the entire industry being involved in the education of spine pathology. We regard this as the very best way we can offer young surgeons in training high quality education with both theoretical and practical courses such as these.

Dr. Andrés Combalia
Course Chairman

Dr. Bjorn Zoega
President of the CSRS-Europe

Dr. Philippe Bancel
Chairman of the Educational and Scientific Committee and Past President of the CSRS-Europe
